

QUIT 2 WIN

Student Identification Tracking System Form

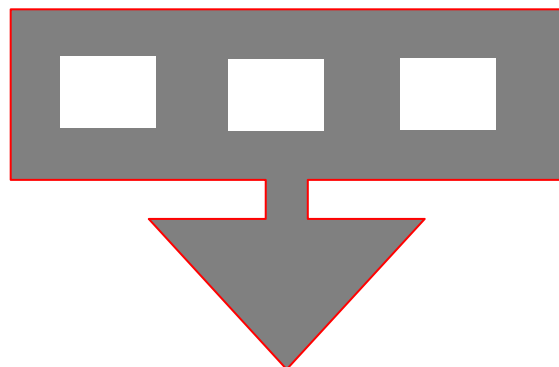

The Student Identification Tracking Numbers System has been established to protect your student's confidentiality. When communicating with the UMDNJ - Tobacco Dependence Program, it is imperative that you use the following number system on all students forms submitted to UMDNJ.

Each student will be assigned a six-digit number. The first three digits are your school ID number. The last three digits will be the student's identification number.

Numbers should be assigned **ONLY ONE TIME** per student. If your student has participated in another Quit2Win Group, please utilize the same number used in the past. Be sure to include each student's ID # on ALL forms pertaining to that individual. UMDNJ will use these identification numbers to keep track of each student's progress.

**3-Digit
School Identification Number**

**3-Digit
Student Identification Number**

School Name: _____

Identification #: ____ _

Facilitator(s): _____
