**New Staff at the Tobacco
Dependence Program**

Patricia Walker
Program Secretary

Pat joined the Tobacco Dependence Program in August of 2003. Before joining the TDP, she was the Program Secretary for the Developing Leadership and Reducing Substance Program, a fellowship program funded by the Robert Wood Johnson Foundation. She brings to the Tobacco Dependence Program many years of experience and looks forward to working in the Program.

Olivia Wackowski, MPH
Youth and Special Projects Consultant

Olivia is excited to join the Tobacco Dependence Program. She has a background in Biology and Psychology, and has recently obtained her Master's Degree in Public Health from the UMDNJ School of Public Health. Olivia received the Anna Skiff Award for the best graduate fieldwork research project in her division (a content analysis of the alcohol and tobacco use on a television program popular with young people), and she was also a 2003 recipient of the Special Populations Committee (SPC) Student Travel Award from the Society for Research on Nicotine and Tobacco. Olivia has an interest in working with young people, in health communication, and in public health policy/advocacy. She is largely involved in the Program's services for young people, and also works on editing Program materials, monitoring Program websites, and editing the Program newsletter.

The **Tobacco Dependence Program** is dedicated to reducing the harm to health caused by tobacco use. We do this through education, treatment, research and advocacy.
